The **PRESCHOOL 4's** program is a planned part of the total educational program at Incarnation School, and provides four year old children with an early start in our Catholic school program. Students must be four years old by September 30 of the registration year.

For those students who need a little more time before entering Kindergarten, we offer an **EARLY FIVES** Program. Students must be five years old by October 31 of the registration year to be considered for Early Fives.

These programs are designed to offer children positive academic experiences as they prepare to enter Incarnation's Kindergarten program. All programs are accredited by the State of Ohio and the Archdiocese of Cincinnati.

The Preschool 4's and Early Fives programs are both five days per week, half day programs. One morning session and one afternoon session are offered for each program. Full day programs are available with the addition of the half day Extended Day Enrichment program.

The Early Childhood teachers and Enrichment Coordinator meet weekly with Incarnation's Kindergarten teachers to discuss curriculum and individual student needs in order to prepare children for a successful beginning in school.

## EXTENDED DAY ENRICHMENT

Incarnation offers an Extended Day Enrichment Program to extend the half day Preschool 4's and Early Fives programs to a full day. In a language-rich environment, children will develop social skills, body management, and independence as well as work on developmental reading, writing, and math competencies.

As with all Incarnation School programs, Preschool 4's and Early Fives tuition and Extended Day Enrichment tuition are billed through the FACTS program.

## MORNING AND AFTER SCHOOL PROGRAMS

Approved by the Archdiocese, our After School Care Program offers a safe Catholic environment for children. Fully qualified child care providers reinforce the school program through structured homework, tutoring, and play from 3:00-6:00 p.m. Our Morning Care program is available for all Incarnation School students from 7:00-8:15 a.m. Both programs require registration prior to attendance.
