

Auxiliary Services

The following services are provided to the students of **Incarnation School** through **Centerville City Schools** and through Incarnation's participation in both **State and Federal funding**:

School Counselor: Provides group and individual counseling; classroom instruction on pertinent social, behavioral, and academic topics; and information, in-services, and guidance to teachers and parents on social, behavioral, or academic areas of need including a character education program.

Speech/Language Pathologist: Provides screening, testing, remedial, and therapeutic speech and language services beginning in Kindergarten.

School Nurse: Provides first aid and emergency care as needed. Provides screening in the areas of vision, hearing, and blood pressure. Maintains immunization records and is available for classroom teachings.

Reading Specialists/Math Support: Provides early intervention and instruction for struggling readers in grades K- 4; support for classroom teachers; offers math support to students in grades K-4.

Intervention Specialists: Provides specialized instruction in language arts and/or math for grade 1-8 students who qualify.

Intervention Considerations: Incarnation School uses a process called Response to Intervention to identify and provide data driven interventions for struggling students. Concerned teachers and parents can request assistance through this process.
